A FINGERHUT EXCLUSIVE!!  
MATCHING HIS and HERS CAR COATS  
(with the popular NEW "crushed" leather-look vinyl!)

\*\*\*\*\*

I'll send you these accessories, ALL FREE: Lady's Tote Bag, pair of Lady's Gloves AND pair of His and Hers Travel Bags (all in matching "crushed" leather-look vinyl) ... just for agreeing to try this coat ensemble for ten days at my expense. These gifts are yours to keep, even if you later return the coats.

\*\*\*\*\*

Dear Friend:

Give me your permission ... and I will send you a His and Hers Car Coat ensemble in the popular NEW "crushed" leather-look vinyl at an unbeatable price that is exclusive with Fingerhut.

You don't send any money now. You take no risk at all. All you do is send me the enclosed Free Trial card to let me know the sizes you need. I'll send you, post-paid, two (2) of these beautiful "crushed" leather-look vinyl coats to wear as your own for ten days at my expense.

You won't find this coat in any store. It's a Fingerhut exclusive. In fact, I don't know where you could find another car coat that compares with this one for looks, comfort and style at anywhere near Fingerhut's exclusive direct mail price -- under Fingerhut's famous no-risk terms:

BOTH COATS ONLY \$24.95, PLUS POSTAGE AND HANDLING

- .... 10-Day No-Risk Free Trial
- .... Three Free Gifts, Yours to Keep
- .... 6 payments of only \$4.66 per month

These coats look like leather ... have the same rich grain as expensive leather though the tough supported vinyl we use will probably last longer than leather. They're completely water repellent so you'll be dry in any downpour. Yet this fully-lined coat looks so good, feels so good on you, that you'll wear it in any weather all year around.

Look at the sample I've sent along. See the beautiful grain. Notice how soft and pliable it is. No jacket leather was ever softer -- or more carefree. And notice the quilt lining. You'll be comfortable under that generous batting no matter what the weather.

This wear-with-any-color Dark Brown color coat is a practical coat for driving, shopping, all your leisure activities. Never needs costly dry cleaning. Dirt and stains come clean with a damp cloth and a little mild detergent. This is a casual coat you'll LIKE wearing, in a classic style that will look good on you ... that won't go out of fashion.

SEEING IS BELIEVING. WEAR THEM TEN DAYS FREE ...

(over, please)

The swatch I've enclosed lets you know the materials are good. The enclosed picture shows you the styling. But the only way for you to be convinced this coat will look as good on you as it does on the model is to actually put it on and wear it.

The only way for you to see all the "extras" we build into these coats is to see them first hand: the warm quilt lining, the "stay buttons" to keep the buttons from pulling out, the extra interlining that gives you the practical "up-or-down" collar for wind or sun comfort, the generous pockets, the action sleeves.

NO SALESMAN TO HURRY YOU

You have to actually try the coats. And how much better to do this in your own home than in a store. At home, you can look at your new coats in your own mirror for as long as you like. No salesman to hurry you or pressure you ... no feeling of embarrassment if you stand in front of the mirror too long. At home, you can see how your new coats "go" with the other things in your wardrobe ... take all the time you want to look them over carefully, and check the tailoring, the sewing, the workmanship.

There's really nothing like shopping the Fingerhut way. You'll have a full ten days to use your new coats ... to wear them walking, driving, working -- without actually spending a single cent. So when the time finally comes for you to send in your first \$4.66 payment, you'll be completely convinced that these are the coats you really want ... worth more than you're paying for them.

Airmail the Free Trial card to me now (no stamps needed). I'll rush your quilt-lined Car Coats right out to you, postpaid, along with the free gifts. If for some reason, any reason at all, you don't like the coats, just send them back to me at the end of the 10-day Free Trial period, keep the gifts for your trouble and we'll forget the whole thing. Now what could be fairer?

Remember, don't send any money now! Just fill out the card (don't forget the sizes) and drop it in the mail. We'll pay the airmail postage -- you don't even need an envelope.

May I hear from you this week?

Sincerely,

*M. Fingerhut*  
President

P.S. We do have limited production at our manufacturer's on these quilt-lined coats. So please don't take a chance by waiting too long. Thanks.
